I assisted Prof. McSharry in 3 courses over 2 semesters. They include Data Inference and Applied Machine Learning, Data Analytics and Big Data Science. My job description included preparing and running recitation sessions, grading homework assignments, and holding office hours to answer the students' questions and help them with exercises.

OMEGA Learning Centre (Yaounde, Cameroon) | *Mathematics Instructor* Sep 2018 - May 2019
As a high school teacher, I prepared and delivered Mathematics lessons to students, producing excellent results. Full-time from September 2018 to January 2019 and then part time from January to May 2019.

INDUSTRY EXPERIENCE

Ministry of ICT and Innovation (Kigali, Rwanda) | *Data Science Intern* May 2020 - Aug 2020
I performed data extraction, cleansing, wrangling, visualization, and analysis, using Python, to generate insights that facilitated the decision-making process.

HW Technologies Co. Ltd. (Yaounde, Cameroon) | *Intelligent Video Surveillance Engineer* Jan 2019 - Jul 2019

I was part of the team that installed, configured and commissioned 351 street video surveillance camera sites in the city of Yaounde, under the Safe City Project of the National Police.

Cameroon Telecommunications, (Yaounde, Cameroon) | *Radio Access Network Engineer Intern* Feb 2018 - Jun 2018

I designed a mobile video surveillance value-added service, dubbed CAMTEL4GSURV for CCTV over LTE.

Orange Cameroon S.A., (Douala, Cameroon) | *Transmission Engineer Intern* Jul 2017 - Sep 2017

I updated the microwave link database of the backhaul transport network of the telecom operator, comprising 1731 links, and redesigned the architecture of the backhaul transport network.
